In re Patent Application of:  
CHAPMAN ET AL.  
Serial No. 10/617,065  
Filing Date: JULY 10, 2003

In the specification:

Replace the paragraph beginning on page 4, line 28 and ending on page 5, line 4 with the following paragraph:

Yet another aspect of the present invention is directed to a computer-readable medium having computer-executable instructions for causing user computers coupled to at least one server and defining an intranet therewith to perform certain steps. The steps comprise creating and submitting a public information release authorization (PIRA) form over the intranet using a first one of the user computers cooperating with the at least one server. The PIRA form may be submitted by an author to at least one approver via e-mail with a hyperlink to the PIRA form. Comments for the PIRA form may be transmitted by the at least one approver via e-mail using a second one of the user computers cooperating with the at least one server.
